This program has been running in Calgary since 2010 and we have been selected as a school to deliver the program in Edmonton for 2019/2020. This package includes a consent form for participation in the program and a two-page information sheet on the program.

In the program your son will have the opportunity to learn about and reflect on:

- Physical health, hygiene and anatomy
- Pregnancy and sexually transmitted infection prevention
- Healthy relationships and decision making
- Peer bonding, conflict resolution and communication
- Emotions and stress management
- Gender and sexual diversity
- Media literacy
- Human rights and personal values
- Community resources and supports

The program will run once a week during school time (taking up two consecutive periods of Complimentary Class (options class) each week) from October- Dec and Jan - May.

If you agree to your son participating in the program please sign the attached consent form and have your son return it to the office as soon as possible. Please make a copy for your records if you like.
