### **ABSENTEEISM**

**We ask that parents/guardians report student absences and lates to the office (780-459-4456). A student's parent/guardian will be contacted by phone at home or at work in order to verify reasons for non-attendance when no other communication has occurred.** A student is considered “absent and inexcusable” unless a phone call or note is received at school. Homeroom Teachers are responsible for maintaining an accurate account of attendance for each student in their class. The school will require verification of absence by way of telephone contact or a written note from a parent/guardian. Inexcusable lates or absences can result in making time up at lunch, or after school.

If a student is coming to school late he/she **must** sign in at the office. In order to leave the school early he/she **must** sign out at the office (with a note); otherwise the office will contact the parent/guardian to obtain approval for the student to leave. Illness at school requires that the parent/guardian be contacted **before** the student is allowed to go home. If we are unable to contact the parent/guardian, the student must remain in the school until contact has been made.

All days on which students are not to be in school are listed in the student agenda and our website [www.sgs.spschools.org](http://www.sgs.spschools.org). Students are expected to be in school on all instructional days. **Special activities such as Track and Field Day and the Terry Fox Run are part of the school curriculum and are not optional.** If your child cannot take part in physical activities for health reasons, there will be arrangements made for them to take part by helping in other areas such as scorekeeping, etc.

Chronic lates and absenteeism are disruptive to the learning of both the individual student and the classroom, and can result in a letter of concern being sent home, referral to and involvement of the Provincial Attendance Board.

### **SIR GEORGE SIMPSON DRESS POLICY**

At Sir George Simpson, we want to provide a positive learning environment. Students are encouraged to dress with modesty and to abide by the school dress code.,

The following items are examples of dress considered inappropriate for school:

- Clothing that reveals undergarments and/or a student’s stomach, chest, upper thigh or buttocks
- Clothing with inappropriate or negative language, symbols that condone or promote drugs, alcohol, sexually suggestive or aggressive behaviour or obscene language or phrases
- Blouses or shirts that show the belly button or any other part of the bare stomach or back and low slung pants which allow underwear to show
- Muscle shirts, halter tops and tank tops. Clothing with shoulder straps of less than 4 cm in width (ie: spaghetti strap tops) or inappropriate cut outs (with sports bra showing) are not allowed
- Fish net stockings
- Spandex short shorts
- See through blouses, skirts or pants
- Inappropriate low cut blouses or shirts

When a staff member identifies that a student may be inappropriately dressed, the student will be asked to change and their parents may be contacted. If necessary, school t-shirts or sweat pants will be supplied for the day to students whose attire is inappropriate. Repeat offenses may result in the student receiving progressive discipline interventions.

Parents we appreciate your support!

## **CELL PHONE USE AND PERSONAL LISTENING DEVICES**

For reasons of safety, privacy and maintaining a proper learning environment, the use of cell phones and personal listening devices are **not allowed**. This policy extends to the use of telephones, personal cameras, iPods, and any text messaging devices.

Using these devices may result in a staff member confiscating the device until the end of the school day. A second confiscation may require that a parent retrieve the device. **The school will not be held responsible for any personal electronic communication devices if lost or damaged.**

## **SCHOOL EXPECTATIONS AND POLICIES**

### **Student Behaviour**

Maintaining proper student conduct is essential to maximizing student learning. The emphasis is not on a list of rules but rather on students behaving in a responsible manner. Students receive certain privileges for appropriate and mature behaviour.

Students who are sent to the office will be dealt with on an individual basis. Consequences will vary with the incident and number of times school administrators have had to deal with that student.

### **Fighting/Intimidation/Harassment**

Physical or verbal intimidation (including on-line intimidation) violates individual students' rights. At the discretion of administration, the parents of any student identified as intimidating another will be contacted. Consequences could include loss of privileges, in school suspension, community service, out of school suspension or referral to the RCMP.

#### **Common Statement 2019 - 2020**

St. Albert Public Schools, Greater St. Albert Catholic Schools, and the local detachment of the RCMP are working together to ensure that St. Albert students feel safe in their schools. Together we have developed this common statement to remind parents and students of our zero-tolerance policies regarding drug use in schools.

#### **Protocol Respecting Drug Free Schools**

Be advised that all junior and senior high schools in St. Albert are committed to implementing Protocol Respecting Drug Free Schools. It states:

- Possession of or trafficking in illegal drugs in any form is an act utterly incompatible with the *School Act* which states that students are to comply with the rules of the school and respect the rights of others.
- School administrators and the RCMP, including canine members, will conduct cooperative patrols of the school when reasonable suspicion exists. If these patrols result in detection of illegal substances, recommendation for expulsion from the school may result.
- In all cases, parents or legal guardians will be notified.

### **STUDENT ACCEPTABLE USE OF TECHNOLOGY GUIDELINES**

In St. Albert Public Schools, we believe that technology can be a powerful tool to enhance learning, enabling students to access information and collaborate with others across the school, community, and the world. We believe that all students must be ethical digital citizens by following standards of acceptable use when using technology for school-related purposes.

We try to take every measure possible to ensure the safe and appropriate use of our technology and the internet. To complement this, we believe that all students, staff, and parents must adhere to the guidelines outlined in the attached Acceptable Use of Technology Guidelines and Agreement when using the school's technology or accessing the internet. In Section A of the Acceptable Use of Technology Guidelines and Agreement, we outline reasonable expectations for the general use of technology.

To demonstrate my commitment and understanding of the level of responsibility that is required, I have read each of the expectations and guidelines listed below. I will abide by the rules and expectations laid out for technology use.

I will immediately close the window on the screen that depicts this material. I will then inform my teacher.
- I understand that my personal files and information about every web page I visit may be accessible under the provisions of FOIPP. I am aware that an individual search may be conducted if there is reasonable belief that I have violated the law or the District's Student Acceptable Use of Technology Guidelines and Agreement.

### **Section B: Use of personal computing devices at school**

Students at this school may bring their own *personal computing devices* which may be able to connect to the school's wireless network. When using student-owned, personal computing devices at school, all of the General Use of Technology Guidelines (Section A) apply as well as the following:

- I understand the security, care and maintenance of my device is my responsibility. I will securely store my device when not in use.
- I understand that the school is not responsible for the loss, theft or damage of my device. I am fully responsible for my property while it is at school.
- I understand that personnel from St. Albert Public Schools may access my personal computing device if there are reasonable grounds to believe that there has been a breach of school rules or discipline policies and that a search of the device would reveal evidence of that breach. This may include, but is not limited to, audio and video recording, photographs taken on school property that violates the privacy of others, issues regarding bullying, etc.

### **Section C: Use of Google Apps for Education**

Students at this school have access to *Google Apps for Education* services (email, online documents, calendar, video, etc.) for educational purposes. Google Apps accounts and services are managed by school district personnel. Student files (e.g. essays, presentations, email, etc.) are stored on Google

servers which are located in various countries including the United States of America. Contents will be subject to the law of the jurisdiction. For example, St. Albert Public Schools cannot guarantee protection against possible disclosure of emails residing in the United States of America. Therefore individuals should make informed decisions about what kind of information they choose to transmit.

All of the General Use of Technology Guidelines (Section A) apply when accessing resources through Google Apps for Education accounts, as well as the following:

- I understand that my first name and last name will be used by St. Albert Public Schools to create a Google Apps account. I will be given rights to access this account.
- I will be provided with an email address (e.g. *firstname.lastname@students.spschools.org*) to use for school purposes. This address is what gives me secured access to my online file storage, documents, and sites.
- I understand that personnel from St. Albert Public Schools may access my Google Apps account if there are reasonable grounds to believe that there has been a breach of school rules or discipline policies and that a search of the account would reveal evidence of that breach. This may include, but is not limited to, email messages, gadgets, archived chats, docs, sites, photographs, uploaded documents, etc.
- I understand that my parents or legal guardians also have access to my Google Apps account, including email, docs and sites. I can either log in and give them a tour of my files, emails, and sites, or I or the school personnel can share my logon ID and password with my parents.

### **FIREDRILL PROCEDURES**

If the fire bell is activated, students will exit using the nearest exterior doors. They will walk around the perimeter of the school to the hill adjacent to the school. Students will then find their homeroom teacher and line up in alphabetical order.

### **LOCKDOWN PROCEDURES**

As part of our district policy to ensure students' safety we will practice a lockdown exercise. A LOCKDOWN exercise, like a FIRE drill, will help to ensure student safety in the event of an emergency.

Before the lockdown exercise occurs, our teachers will talk to our students about what to expect during the exercise and students will be given the opportunity to ask any questions they may have.

During the actual lockdown, students will participate in an organized exercise to secure the classroom and school from inside and will remain in locked classrooms or in a pre-established safe area until the administration determines it is safe to end the lockdown.

### **LOCK DOWN PROCEDURES FOR STUDENTS**

- The public address system will clearly state 3 times: LOCKDOWN, LOCKDOWN, LOCKDOWN which indicates that the school is now in a lockdown.
- Students in classrooms should remain there.
- Students in hallways and washrooms should proceed immediately to the nearest classroom or secure location. If unable to enter a classroom, remain in an enclosed space, such as a washroom, inside the stall and stay silent.
- The principal or designate will direct internal and external emergency communications procedures from the command center.

**Teachers will:**

- Lock classroom doors and check for any students in the hallway that could enter your room safely. **Lights will be turned off.**
- Ensure that students are as safe as possible, create cover by moving furniture; keep students away from and below the level of windows (with blinds closed), doors and other exposed areas.
- Expect students to remain silent.
- Not respond to **any** knocking or requests for entrance.
- Not respond to the fire alarm.
- Create a list of missing students and a second list of students not usually assigned to the particular classroom at the time.
- All staff will proceed to the nearest open room and lockdown, or join lockdown.
- Students who are out-of-doors will have heard LOCKDOWN, LOCKDOWN, LOCKDOWN.
- Unless otherwise instructed, outside students will go to Wild Rose School and enter through any of their front doors and remain in their main hallway until school authorities direct them to a secure area. Staff outside at the time of lockdown should direct the students and remain with them until informed that the situation is clear. Upon arrival at the Wild Rose site, the supervisor informs District Office of their whereabouts and status. District Office will then inform the command center.
- If lockdown is because of an external threat, the P.A. announcement that goes outside will order the students into the nearest entrance and proceed to their classroom. Follow all lockdown procedures from then on.
- Students in the gymnasium or any other open area:
- Teachers in the gym direct students to the equipment room, locking the door and staying quietly inside.
- Students in the hallway need to enter a washroom, sit inside a stall with feet up and be silent. They are to remain in the washroom until they hear "LOCKDOWN IS ENDED, LOCKDOWN IS ENDED, LOCKDOWN IS ENDED".

In a real lockdown situation, at an appropriate time and in consultation with the police, parents will be informed as to when and how children may be picked up. If possible, a recording will be put on the school answering machine.

Once the lockdown order is lifted by the proper authority, the principal will announce through the public address system:

**LOCKDOWN IS ENDED, LOCKDOWN IS ENDED, LOCKDOWN IS ENDED.**

Teachers will then review the dismissal procedure already provided to parents to ensure it is followed. This procedure should provide guidance to parents who have made special arrangements for care in the event they are not home. If circumstances permit, when a student is released to an individual other than a parent, get a signed statement from that person including: the child's name, pickup time, pickup person's name, final destination and phone number at final destination.

- when photos or videos are taken by the district where individual students are identified and the material is to be used for purposes outside the school.
- when photos are taken by the district where individual students are identified and the material will be in the school newsletter on the school web site.
